

AMENDED IN SENATE JULY 14, 2003

AMENDED IN SENATE JULY 1, 2003

CALIFORNIA LEGISLATURE—2003–04 REGULAR SESSION

ASSEMBLY BILL

No. 668

Introduced by Assembly Member Cox

February 19, 2003

An act to amend Section 65584 of the Government Code, relating to local planning.

LEGISLATIVE COUNSEL'S DIGEST

AB 668, as amended, Cox. General plans: housing elements.

Existing law requires each city, county, or city and county to prepare and adopt a general plan for its jurisdiction that contains certain mandatory elements, including a housing element. One part of the housing element is an assessment of housing needs and an inventory of resources and constraints relevant to meeting those needs. The assessment includes the locality's share of regional housing needs. That share is determined by the appropriate council of governments or by the Department of Housing and Community Development, subject to revision by the department.

This bill would provide that, in the event of an incorporation of a new city after the revised allocation of regional housing needs, the city and county may reach a mutually acceptable agreement on that determination *and report it to the council of governments and the department, or to the department for areas with no council of governments*, or request the council of governments or the department to revise the determination of those housing needs, as specified.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 65584 of the Government Code is
2 amended to read:
3 65584. (a) For purposes of subdivision (a) of Section 65583,
4 the share of a city or county of the regional housing needs includes
5 that share of the housing need of persons at all income levels within
6 the area significantly affected by a general plan of the city or
7 county. The distribution of regional housing needs shall, based
8 upon available data, take into consideration market demand for
9 housing, employment opportunities, the availability of suitable
10 sites and public facilities, commuting patterns, type and tenure of
11 housing need, the loss of units contained in assisted housing
12 developments, as defined in paragraph (8) of subdivision (a) of
13 Section 65583, that changed to non-low-income use through
14 mortgage prepayment, subsidy contract expirations, or
15 termination of use restrictions, and the housing needs of
16 farmworkers. The distribution shall seek to reduce the
17 concentration of lower income households in cities or counties that
18 already have disproportionately high proportions of lower income
19 households. Based upon population projections produced by the
20 Department of Finance and regional population forecasts used in
21 preparing regional transportation plans, and in consultation with
22 each council of governments, the Department of Housing and
23 Community Development shall determine the regional share of the
24 statewide housing need at least two years prior to the second
25 revision, and all subsequent revisions as required pursuant to
26 Section 65588. Based upon data provided by the department
27 relative to the statewide need for housing, each council of
28 governments shall determine the existing and projected housing
29 need for its region. Within 30 days following notification of this
30 determination, the department shall ensure that this determination
31 is consistent with the statewide housing need. The department may
32 revise the determination of the council of governments if
33 necessary to obtain this consistency. The appropriate council of
34 governments shall determine the share for each city or county
35 consistent with the criteria of this subdivision and with the advice

1 of the department subject to the procedure established pursuant to
2 subdivision (c) at least one year prior to the second revision, and
3 at five-year intervals following the second revision pursuant to
4 Section 65588. The council of governments shall submit to the
5 department information regarding the assumptions and
6 methodology to be used in allocating the regional housing need.
7 As part of the allocation of the regional housing need, the council
8 of governments, or the department pursuant to subdivision (b),
9 shall provide each city and county with data describing the
10 assumptions and methodology used in calculating its share of the
11 regional housing need. The department shall submit to each
12 council of governments information regarding the assumptions
13 and methodology to be used in allocating the regional share of the
14 statewide housing need. As part of its determination of the regional
15 share of the statewide housing need, the department shall provide
16 each council of governments with data describing the assumptions
17 and methodology used in calculating its share of the statewide
18 housing need. The council of governments shall provide each city
19 and county with the department's information. The council of
20 governments shall provide a subregion with its share of the
21 regional housing need, and delegate responsibility for providing
22 allocations to cities and a county or counties in the subregion to a
23 subregional entity if this responsibility is requested by a county
24 and all cities in the county, a joint powers authority established
25 pursuant to Chapter 5 (commencing with Section 6500) of
26 Division 7 of Title 1, or the governing body of a subregional
27 agency established by the council of governments, in accordance
28 with an agreement entered into between the council of
29 governments and the subregional entity that sets forth the process,
30 timing, and other terms and conditions of that delegation of
31 responsibility.

32 (b) For areas with no council of governments, the department
33 shall determine housing market areas and define the regional
34 housing need for cities and counties within these areas pursuant to
35 the provisions for the distribution of regional housing needs in
36 subdivision (a). If the department determines that a city or county
37 possesses the capability and resources and has agreed to accept the
38 responsibility, with respect to its jurisdiction, for the identification
39 and determination of housing market areas and regional housing

1 needs, the department shall delegate this responsibility to the cities
2 and counties within these areas.

3 (c) (1) Within 90 days following a determination of a council
4 of governments pursuant to subdivision (a), or the department's
5 determination pursuant to subdivision (b), a city or county may
6 propose to revise the determination of its share of the regional
7 housing need in accordance with the considerations set forth in
8 subdivision (a). The proposed revised share shall be based upon
9 available data and accepted planning methodology, and supported
10 by adequate documentation.

11 (2) Within 60 days after the time period for the revision by the
12 city or county, the council of governments or the department, as
13 the case may be, shall accept the proposed revision, modify its
14 earlier determination, or indicate, based upon available data and
15 accepted planning methodology, why the proposed revision is
16 inconsistent with the regional housing need.

17 (A) If the council of governments or the department, as the case
18 may be, does not accept the proposed revision, then the city or
19 county shall have the right to request a public hearing to review the
20 determination within 30 days.

21 (B) The city or county shall be notified within 30 days by
22 certified mail, return receipt requested, of at least one public
23 hearing regarding the determination.

24 (C) The date of the hearing shall be at least 30 days from the
25 date of the notification.

26 (D) Before making its final determination, the council of
27 governments or the department, as the case may be, shall consider
28 comments, recommendations, available data, accepted planning
29 methodology, and local geological and topographical restraints on
30 the production of housing.

31 (3) If the council of governments or the department accepts the
32 proposed revision or modifies its earlier determination, the city or
33 county shall use that share. If the council of governments or the
34 department grants a revised allocation pursuant to paragraph (1),
35 the council of governments or the department shall ensure that the
36 current total housing need is maintained. If the council of
37 governments or the department indicates that the proposed
38 revision is inconsistent with the regional housing need, the city or
39 county shall use the share that was originally determined by the
40 council of governments or the department.

1 (4) The determination of the council of governments or the
2 department, as the case may be, shall be subject to judicial review
3 pursuant to Section 1094.5 of the Code of Civil Procedure.

4 (5) The council of governments or the department shall reduce
5 the share of regional housing needs of a county if all of the
6 following conditions are met:

7 (A) One or more cities within the county agree to increase its
8 share or their shares in an amount that will make up for the
9 reduction.

10 (B) The transfer of shares shall only occur between a county
11 and cities within that county.

12 (C) The county's share of low-income and very low income
13 housing shall be reduced only in proportion to the amount by
14 which the county's share of moderate- and above
15 moderate-income housing is reduced.

16 (D) The council of governments or the department, whichever
17 assigned the county's share, shall have authority over the approval
18 of the proposed reduction, taking into consideration the criteria of
19 subdivision (a).

20 (6) The housing element shall contain an analysis of the factors
21 and circumstances, with all supporting data, justifying the
22 revision. All materials and data used to justify any revision shall
23 be made available upon request by any interested party within
24 seven days upon payment of reasonable costs of reproduction
25 unless the costs are waived due to economic hardship.

26 (d) (1) In the event an incorporation of a new city occurs after
27 the council of governments, or the department for areas with no
28 council of governments, has made its final allocation under
29 ~~subdivision (c), the city and county may reach a mutually~~
30 ~~acceptable agreement on a revised determination. If the affected~~
31 ~~parties cannot reach a mutually acceptable agreement, then either~~
32 ~~party may request the council of governments, or the department~~
33 ~~for areas with no council of governments, where there is an~~
34 ~~adopted policy allowing for a revised determination in the event~~
35 ~~of an incorporation, to consider the facts from both parties and this~~
36 ~~section, the city and county may reach a mutually acceptable~~
37 ~~agreement on a revised determination and report the revision to the~~
38 ~~council of governments and the department, or to the department~~
39 ~~for areas with no council of governments. If the affected parties~~
40 ~~cannot reach a mutually acceptable agreement, then either party~~

1 *may request the council of governments, or the department for*
2 *areas with no council of governments, to consider the facts, data,*
3 *and methodology presented by both parties and make the revised*
4 *determination. The revised determination shall be made within*
5 *one year of the incorporation of the new city based upon the*
6 *methodology described in subdivision (a) and shall reallocate a*
7 *portion of the affected county's share of regional housing needs to*
8 *the new city. The revised determination shall neither reduce the*
9 *total regional housing need nor change the previous allocation of*
10 *the regional housing needs assigned by the council of governments*
11 *or the department, where there is no council of governments, to*
12 *other cities within the affected county.*

13 (2) Except as provided in paragraph (3), any ordinance, policy,
14 or standard of a city or county that directly limits, by number, the
15 building permits that may be issued for residential construction, or
16 limits for a set period of time the number of buildable lots that may
17 be developed for residential purposes, shall not be a justification
18 for a determination or a reduction in the share of a city or county
19 of the regional housing need.

20 (3) Paragraph (2) does not apply to any city or county that
21 imposes a moratorium on residential construction for a specified
22 period of time in order to preserve and protect the public health and
23 safety. If a moratorium is in effect, the city or county shall, prior
24 to a revision pursuant to subdivision (c), adopt findings that
25 specifically describe the threat to the public health and safety and
26 the reasons why construction of the number of units specified as
27 its share of the regional housing need would prevent the mitigation
28 of that threat.

29 (e) Any authority to review and revise the share of a city or
30 county of the regional housing need granted under this section
31 shall not constitute authority to revise, approve, or disapprove the
32 manner in which the share of the city or county of the regional
33 housing need is implemented through its housing program.

34 (f) A fee may be charged to interested parties for any additional
35 costs caused by the amendments made to subdivision (c) by
36 Chapter 1684 of the Statutes of 1984 reducing from 45 to 7 days
37 the time within which materials and data shall be made available
38 to interested parties.

39 (g) Determinations made by the department, a council of
40 governments, or a city or county pursuant to this section are

1 exempt from the California Environmental Quality Act, Division
2 13 (commencing with Section 21000) of the Public Resources
3 Code.

O
